

The Nova Scotia Down Syndrome Society is a volunteer, non-profit organization which acts as a resource to everyone with an interest in Down syndrome in Nova Scotia. Our mission is to improve lives for persons with Down syndrome and their families through advocacy, education and support.

We organize educational workshops on topics such as health, development, financial planning and organize programs for our members like *Team Possibles*, a Toddler Program, a Friday night social etc. We also support parent groups in whatever ways we can in other parts of the province. We provide support and information to new parents with infants with Down syndrome, we speak to community groups, and we maintain a resource library.
